Dear Sir/Madam,

My name is Francis Kioko and I'm writing this letter to express my interest in the position of IT Support lead at your company. I'm an IT professional with over 4 years of experience working with systems that range from online gaming servers to business software solutions. I'm familiar with your company and am impressed by the dependability of the technological solutions that you offer to your clients. I'm excited about the opportunity to contribute to your team's success with my experience and expertise.

I have a bachelor's degree in Business Management (Administration with IT) and in progress with my Masters Degree in Business Information Technology. In my most recent role, I worked as an IT professional responsible for maintaining the company's servers. In this capacity, I worked with various teams that handled hardware repair and software updates. I've also worked as a customer support specialist where I supported clients who were facing technical difficulties. Throughout my career, I've worked with many different operating systems and with hardware of all shapes and sizes.

Along with my professional training and experience, I've also developed strong communication skills. I've won numerous accolades across my career for leadership and innovation and have risen to managerial roles in every company where I've worked. My commitment to not only providing the highest level of service for my clients but also improving the efficiency of my own team has been a source of pride for me throughout the years.

I believe that my qualifications make me an ideal candidate for this position, and I'm excited about the opportunity to work with such an impressive company. I've attached a copy of my resume with this letter, along with four professional references for you to contact. If you have any questions about my application, please don't hesitate to contact me via phone or email. I look forward to the opportunity to discuss this role with you further.

Yours Sincerely,

FRANCIS KIOKO KILONZO.
